Baluchistan Surprise For Pakistan

NAWAB WALKS OUT: LEADERS MEETING FIASCO

Sind Ordinance For Consembly Accommodation

QUETTA, June 24. (A.P.I.): A meeting of representative leaders of Baluchistan convened by Nawab Mohd. Khan Jagazai yesterday to consider the question whether Baluchistan should join Pakistan or the rest of India terminated without coming to any decision. Divergent views were expressed by various speakers.

THE NAWAB WALKS OUT

Nawab Jagazai, who presided withdrew from the meeting along with some other Sardars as a protest against the attitude of certain speakers. Nawab Jagazai in his presidential remarks at the outset had expressed the opinion that Baluchistan should immediately join Pakistan.

WANTED ASSURANCES

Hakim Noor Mohd., General Secretary of the Jamiat-ul-Ulema of Baluchistan in his speech suggested that Baluchistan should obtain three undertakings before joining Pakistan:

(1) That Baluchistan should have complete internal autonomy, secondly that Pakistan should undertake to meet the deficit of Baluchistan and thirdly, that Baluchistan's constitution should be framed according to the Islamic Law.

BARGAIN FOR POWER

Doctor Abdul Latif, President of the Loralai Muslim Association, and Mir Gul Khan, President of the Nushki Nationalist Party, said that Baluchistan should negotiate terms both with Hindustan and Pakistan and form Union with the party that offered better terms.

PROCEDURE FOR PLEBISCITE

NEW DELHI, June 24 (API): The procedure for ascertaining Baluchistan's decision regarding the Constituent Assembly is announced today in a Press Note issued by the office of the Reforms Commissioner

The Press Note says:

"In pursuance of Paragraph 21 of the statement by His Majesty's Government dated the 3rd June 1947, His Excellency the Governor-General is pleased to direct that the following procedure shall be followed for the purpose of giving effect to Paragraph 12 of the statement: (1) The Agent to the Governor-General in Baluchistan shall summon a meeting of the members of the Shahi Jirga (excluding the Sardars nominated by the Kalat State) and the non-official members of the Quetta municipality on such date, at such time and in such place as may be fixed by him in this behalf.

(2) At the said meeting the Agent to the Governor-General shall ask the members present to decide the question whether the constitution of the province is to be framed in the existing Constituent Assembly or in a new and separate Constituent Assembly consisting of the representatives of those areas which decide not to participate in the existing Constituent Assembly.

(3) Each member present at the meeting shall have one vote and the question stated above shall be decided by a simple majority of those present and voting.

(4) The Agent to the Governor-General shall have power to regulate the proceedings of the meeting in such manner as he may consider fair and proper.

(5) The decision taken at the meeting shall be communicated to the Governor-General by the Agent to the Governor-General and shall be deemed to be the decision of the province".

SIND ORDINANCE TO REQUISITION PROPERTY

KARACHI, June 24, (API): The Government of Sind issued an Ordinance today providing for requisitioning and acquisition of property, both movable and immovable needed to meet the shortage of accommodation, expected in view of the forthcoming meeting of the Pakistan Constituent Assembly and establishment of the Pakistan Government in Karachi.

The Ordinance has been extended to the whole of Sind and applies with immediate effect to the city of Karachi.

Under the Ordinance and order shall be served on an owner of property, and where it relates to immovable property in the occupation of a tenant, by delivering or tendering to tenant, by delivering or tendering to such owner or tenant a copy of the order. But where both of them are not readily traceable or where the ownership is in dispute, the order shall be served by publishing it in an official Gazette.

The Controller, while acquiring or requisitioning any property, shall determine compensation payable to its owner.

Disobedience of the order is punishable with imprisonment up to one year or with fine or with both.

CHRISTIANS AND PAKISTAN CONSEMBLY

LAHORE, June 24 (API): A deputation consisting of Diwan Bahadur S P. Singha M.L.A., Mr. C. E. Gibbon, M.L.A., and Mr. Fazl-i Ilahi, M.L.A., waited on the Governor of the Punjab today on behalf of the Punjab Joint Christian Board and placed before him their suggestions relating to the method by which the Christian and Anglo-Indian minorities of Pakistan may be represented in the new Constituent Assembly.

No representation is provided for them in the new Constituent Assembly to be set up under H.M.G.'s plan of June 3.

No Contest On Frontier Referendum Issue?

NEW DELHI, June 24 (U. P. I.): With the Bengal and Punjab partition issues finally disposed of, political interest has now shifted to the results of the referendum in the Frontier Province and Sylhet, as without them the full picture of the Pakistan State cannot be had. Of these two, the Frontier referendum, according to political observers here, may not provide any contest at all while Sylhet may spring a surprise having regard to the fact that the existing electoral rolls of the Sylhet district show a small difference between Hindu and Muslim voters—Muslim voters being 54 per cent and non-Muslim voters 46 per cent.

BOUNDARY COMMISSIONS

Another topic which seems to be engaging considerable attention of both official and non-official circles is: the imposition of three Boundary Commissions envisaged in H.M.G.'s final plan of June 3 last. Since the interest of large sections of the people in Bengal and the Punjab will be vitally affected by the findings of the Boundary Commissions, Lord Mountbatten is reported to be very anxious to make the composition as well as the terms of reference of the Boundary Commissions acceptable to two major communities.

Accordingly it is gathered from informed political circles that the Provincial Governors of Bengal and the Punjab have been directed to request the accredited leaders of the Muslim League and the Congress Parliamentary Parties in their respective provincial legislatures to indicate in writing (1) panel of three names for membership of the Boundary Commissions, and (2) the draft terms of reference for the proposed Boundary Commissions to function under.

Information of these points is expected to reach the Viceroy before the current month is out, it is learnt so that the Boundary Commissions may start functioning from the beginning of July, if possible.

The Viceroy is further understood to have approached the U.N.O. authorities for loan of the services of experts who will not be members of any of the Boundary Commissions but would serve in a purely advisory capacity.

APPEAL FOR REJECTION OF PUNJAB PARTITION

NEW DELHI, June 24, (API): Baba Kharak Singh, President of the Central Akali Dal and the All-India Sikh League, in a statement today says that the partition of the Punjab is detrimental to the interests of the Punjab as a whole and that it has done great injustice to the Sikhs living in Western Punjab.

Their legitimate rights, he says, have been ignored and they have no place in the body politic of India today. He opposes the proposal to create a new province including Eastern Punjab and the divisions of Agra, Meerut and Delhi and appeals to Sikhs to reject it.

As the Sikhs have large interests in the development of Western Punjab Baba Kharak Singh says that the suggestion of Sikh migration to Eastern Punjab is not desirable and is also impracticable.

Mahatma Exposes Travancore Dewan's Fallacies

If His Example Were Followed, British Emperor May Come Back With Redoubled Force

NEW DELHI, June 24 (A.P.I.): Addressing to-day's prayer meeting Mahatma Gandhi declared that if Sir C. P. Ramaswamy Iyer was allowed to have his way and his example was followed by others, India would be split up into several States— a disaster too dreadful to contemplate—and advised him to retrace himself "from the grave error into which he was betrayed."

The analogy between Travancore and the Frontier Province, said Mahatma Gandhi, was misleading. Pathanistan was asked for by Khan Abdul Ghaffar Khan simply because he did not want to divide Pathan from Pathan on the communal issue. They wanted to frame their own constitution and then, when the full face of Pakistan and the Indian Union was exposed to view, they would decide which State to join.

They did not want to be a third State nor did they want to be slaves of one or the other. They wanted to have the fullest autonomy in their Pathan Province just as any of the other provinces had, owning their allegiance to the Centre but having no interference in their internal affairs. If Khan Abdul Ghaffar Khan meant anything different, Mahatma Gandhi added, he would have no hesitation in breaking with him. What Sir C. P. Ramaswamy Iyer wanted, however, he said was a State independent of any of the two.

NOT GUILTY

The following is the authorised version of Mahatma Gandhi's speech:—

Mahatma Gandhi referred to several interviewers and correspondents who had written biting letters. They accused him of partiality towards Muslims. He could not plead guilty to the charge. The latest was that he was partial to the Muslims when he said that irrespective of what they did in Pakistan, the major community had to be honourable and just towards the Muslims in their provinces and were never to regard them as aliens. He saw no partiality in the above statement by which he still stood. His advice must be rejected, if it did not appeal to their hearts, i.e. their sense of right and wrong.

HIGHER VALUES

Every person, as every institution, and, above all, every religion was to be judged not by the amount of atrocities or the wrong committed by them, but by their right conduct. Who could dare say that what he had suggested was less than right? That the Hindus of larger Hindustan could not, or would not, do the right was another question. So much the worse for those who did not do the right no matter whether they were Hindus, Muslims or others. The law was no respecter of persons. Only for the occasion his remarks were addressed to the Hindus. For it was they who, by their action, were to prove or disprove the two-nation theory.

He could not help saying that his advice was meant for brave, unselfish and godly people. Persons and people lost by their own mistakes never by those of others. Their own sad history was filled with illustrations of how through personal greed, selfishness and cowardice they had lost their liberty.

MATTER OF SHAME

What was happening in Lahore, Amritsar and Gurgaon was a matter of shame and sorrow. He was told with what truth he did not know, that the parties were fairly matched and were bent on fighting it out. What the 'it' was he did not know. Was the suicidal strife to continue, Pakistan or no Pakistan? Why could not combatants honestly come together and decide to stop arson and murder? Must they look to the members of the ruling race to suppress the riots? The end of alien rule was imminent. Would to God, that the people stopped the savagery and showed mankind the better and the brave way.

A DEWAN'S FALLACIES

Finally, Gandhiji: exposed the fallacious argument put forward by Sir C. P. Ramaswamy Iyer.

If the Travancore Dewan was allowed to have his way and his example were followed by others, India would be split up into several states—disaster too dreadful to contemplate. Those many States would need an Emperor and the Emperor who was leaving, might even return with redoubled force.

The analogy between Travancore and the Frontier Province was again misleading in that Sir C. P. Ramaswamy Iyer spoke for the Maharaja, the Frontier Pathans spoke as the Jirgah. The one was unadulterated autocracy, the other was full democracy. In his conception of India the Prince and the peasant were equal. The former could exist only as a "bona fide" trustee of his people. He, therefore, advised Sir C. P. to retrace himself from the grave error into which he was betrayed.

Indian States Department To Replace Political Dept.

(From Our Correspondent)

NEW DELHI, June 24.

A conference of rulers or their Ministers is envisaged here towards the end of July to reach a decision on a standstill agreement between two Indias and Indian States for the interim period. A draft agreement has also been circulated to the Princes. The draft provides for the continuation of existing arrangements in all territories like Berar and various cantonments leased to the Crown. It also provides for the continuation of commercial and other arrangements entered into either by the British Crown or by the Governor-General in Council. An Indian States Department to replace the present Political Department is also being created, probably during this week. This Department will take over the functions so far performed by the Political Department. The Department is expected to be under the charge of the Home Member.

Another expert committee to divide the currency and assets of the Government has been set up under the Partition Commission. From the Congress side it would include Mr. B. K. Nehru and Mr. Rangachariar. Mr. Ghulam Mohmad is among others expected to be League's nominee on the Committee. The Reserve Bank Governor is also expected to be League's nominee on the Committee. The Reserve Bank Governor, Sir Chintamani Deshmukh, has been here during the week rendering advise to authorities.

123,000 COAL MINERS GO ON STRIKE

NEW YORK, June 24 (Reuter): Over a quarter of America's softcoal miners—some 123,000 men—went on strike to-day in seven States as a protest the passage into law of the Labour Bill, limiting Union activity and banning the closed shop. The walkouts, which began in Alabama last night shortly after the Senate overrode President Truman's veto on the Bill, spread swiftly through the big coal fieldso of other States.

ALBANIAN BATTERIES FIRE ON GREEK SHIP

ATHENS, June 24 (Reuter): Albanian coastal batteries fired on the Greek naval vessel "Kerkyra" from Corfu, the Greek Ministry of Public Order stated to-night. The "Kerkyra", it was stated, was coasting round Corfu at about 500 yards and the Albanians fired ten shots without hitting her when she was in the Corfu Straits.

PATNA, June 24, (A. P. I.): The Bihar Provincial Kisan Conference held under the presidentship of Swami Sahajanand Sareswati at Jehanabad in the District of Gaya passed a resolution protesting against the "undemocratic procedure adopted by the Congress High Command in accepting the June 3 Plan of the British Government without reference to the people or to the plenary session of the Congress."

'FORGET ALL PAST CONTROVERSIES'

Sind University Senate's Appeal To Minorities For Co-operation

KARACHI, June 24 (API): The Senate of the newly formed Sind University held its inaugural meeting this morning at the Sind Assembly Hall, when the Chancellor, His Excellency Sir Francis Mudie, made an appeal to all to set aside their differences and work together to establish a first rate University in Sind.

He said: "The present act may not be perfect. But let us all do our best to work it and if we find it defective it can be amended. Any recommendation from this Senate for its amendment would carry the very great weight with Government".

The Chancellor referred to the debt which Sind owed to the University of Bombay with which it was so far affiliated and said that eventual separation from Bombay was inevitable, and each separate cultural area must eventually have its own university if that culture was to be maintained and developed. He felt confident that the relations between the two universities, the mother and the daughter, would always be of the friendliest.

Sir John Colville, Chancellor of the Bombay University, had sent greetings to the new Sind University. Sir Francis Mudie said.

The situation arising out of the boycott of the Sind University by the Citizens Committee and Congressmen as also out of the Hindu educational institutions continuing their affiliation with the Bombay University, was considered today by the inaugural meeting of Sind University Senate which passed a resolution assuring the minorities that all their religious, cultural and educational interests would be fully safeguarded.

The resolution regretted the misunderstanding in the minds of certain persons and assured them that it would always act in a spirit of fairness and justice to all communities, castes and creeds. The Senate expressed the hope that everyone would forget all the past controversies and fully co-operate in making the Sind University a real success.

Appreciating the good wishes from the Chancellor of the Bombay University, the meeting further expressed the hope that Bombay would fully co-operate with Sind in all matters concerning the welfare of its university.

50 from out of 73 Senators attended the meeting. Out of 16 Hindu representatives 10 were present, the absentees being Mr. Rupchand Bellaram and five principals of Hindu colleges and schools who are ex-officio members. The elections to the Syndicate Academica Council, faculties and other bodies of the University were held and the Budget Estimates for the year 1947-48 amounting to Rs. 2,52,500 which showed a surplus of Rs. 31,000 were referred to the Syndicate.

It was decided to hold the annual examination — the first to be conducted by the Sind University—in June 1948.

The Vice-Chancellor, Mr. A. B. A. Haleem, addressing the Senate said that the birth of the Sind University synchronised with the advent of complete political liberty in India and the birth of the sovereign state of Pakistan. He felt that it was not a mere coincidence but a fact of deep significance indicating how things would shape in future.

Mr. Haleem said that one of the functions of the Sind University should be to supply the province, as well as the Pakistan Federation, leaders of the highest type.

I.M. Fund Warns Against Danger To Exchange Stability

DELHI OUT TO STOP FLIGHT OF YELLOW AND WHITE METAL TO KATHIAWAR

NEW DELHI, June 24. (A.P.I.): A Notification in a Gazette of India extra-ordinary says that the Central Government has prohibited at all customs ports the transhipment of any gold coin, gold bullion, gold sheets or gold ingot, whether refined or not, and any silver bullion, any silver sheets or plates which have undergone no process of manufacture subsequent to rolling, or any uncurrent silver coin, destined for any port in Kathiawar.

Delhi's action, is being taken, it is understood to prevent smuggling of gold and silver.

A Government spokesman pointed out that the import of gold and silver into British India was prohibited. The Government of India did not want the fact to be used for profiteering by smugglers.

I. M. FUND'S CALL TO MEMBERS

WASHINGTON, June 24 (Reuter) The International Monetary Fund one of the two Bretton Woods institutions has requested all its member countries to take prompt action to stop transactions in gold at prices above monetary parity, it was confirmed here to-day.

The Fund has issued the following statement:

The International Monetary Fund has given consideration to the International gold transactions at prices substantially above monetary parity which have been taking place in various areas of the world. Because of the importance of this matter, the Fund has prepared this statement of its views.

A primary purpose of the Fund is world exchange stability and it is the considered opinion of the Fund that exchange stability may be undermined by continued and increasing external purchases and sales of gold at prices which directly or indirectly produce exchange transactions at depreciated rates.

From information at its disposal, the Fund believes, that unless discouraged, this practice is likely to become extensive, which would fundamentally disturb the exchange relationships among the members of the Fund. Moreover, these transactions involve a loss to monetary reserves, since much of the gold goes into private hoards rather than into central holdings. For these reasons, the Fund strongly deprecates international transactions in gold at premium prices and recommends that all of its members take effective action to prevent such transactions in gold with other countries or with the nationals of other countries.

It is realised that some of these transactions are being conducted by or through non-member countries or their nationals. The Fund recommends that members make any representations which, in their judgment, are warranted by the circumstances to the Governments of non-member countries to join with them in eliminating this source of exchange instability.

The Fund has not overlooked the problems arising in connection with domestic transactions in gold at prices above parity. The conclusion was

SOUTH AFRICA FACE DEFEAT

Last Six Wickets Skittled Out: Alan Melville Scores Century Again

LONDON, June 24 (Reuter): South Africa were all out for 327 in the first innings of the Second Test with England and were compelled to follow on 227 runs behind.

Alan Melville, South Africa's Captain, by completing the century when the second Test between England and South Africa was resumed today, equalled a feat only previously performed by the Australian, Jack Fingleton who, 11 years ago, hit four successive Test hundreds, three in South Africa and the other against England at Brisbane.

Melville scored one against England in the second innings of the last Test in Durban in 1939 and two in the first Test of the present series at Nottingham.

The contemplated visit of the Royal Family combined with beautiful weather attracted another large crowd of about 15,000 to the famous Lords enclosure.

Melville's record was the outstanding feature of the play before lunch at which stage South Africa had scored 266 for 4 in reply to England's first innings' total of 554 for eight declared, and were still 288 runs behind.

Actually Melville is the first player to score four successive Tes centuries against one country and this feat was spread over eight years. In the fifth Test against England at Durban in 1939, he scored 153, and in the present series he scored 189 and 104 not out in the first Test at Nottingham a fortnight ago.

Melville's sound but at times painstaking innings, was marred by several chances, but he drove and cut powerfully against all the bowlers during his stay of four and quarter hours, and hit 13 fours. His partnership with Nourse for the third wicket added 118 in two and half hours.

England struck another blow when eight runs later Nourse after batting for two hours and forty minutes for 61 including six fours was out l.b.w.

South Africa collapsed after lunch when it lost the last six wickets for 61 runs and were all-out for 327.

Actually all the six wickets fell in the space of 27 runs. Wright in one spell of bowling taking three of them for four runs in four overs Wright had the final figures of five for 95 representing a fine performance on a true dry surface which gave him little help.

England's Captain, Yardley handled his bowling splendidly, pitching them about and giving the batsmen no chance to settle down his bowling changes several times resulted in a wicket falling immediately.

Dawson and Harris batted stubbornly for the fifth wicket stand of 60 in 50 minutes Then five wickets fell quickly until the last wicket pair, Lindsay and Smith, added 18 in 25 minutes.

South Africa are in danger of defeat in the second Test which was watched after tea for two hours by the King, Queen and Princesses Elizabeth and Margaret.

SOUTH AFRICA FOLLOW ON

Following on 227 runs behind after being dismissed for 327 in the first innings, South Africa were 120 for two wickets in the second innings when stumps were drawn. They are still 107 runs behind England's first innings total of 554 for eight declared. The match concludes tomorrow

The Royal Family arrived shortly after South Africa had begun their second innings and with the total at 15 for no wickets. Play was stopped and players from both teams were introduced to the King in front of the pavilion.

After the ceremony, which lasted for twenty minutes, South Africa lost two quick wickets, Edrich spread-eagling Melville's wicket with the second ball at sixteen and taking Viljoen's middle stump, twelve runs later.

The South Africans had opened dourly taking half an hour to get the first twelve runs. After losing Melville and Viljoen, South Africa recovered with a third wicket partnership which has added 92 runs in hundred minutes.

Mitchell, noted for his stonewall tactics, grimly presented a straight bat to everything and has so far batted for 2 hours and 35 minutes without giving a chance. Nourse reached his 50 in 85 minutes.

Indian Stars Shine At Wimbledon

Bose, Iftikar And Misra Get Over Stiff Opposition

WIMBLEDON, June 24 (Reuter): Brilliant sunshine favoured the opening of the second day's play in the All-England Lawn Tennis Championships at Wimbledon to-day.

Jaroslav Brobny (Czechoslovakia) beat J. M. Mehta (India) 6 2 6 1 6 2.

Iftikar Ahmed (India) beat J. Michelmore (Britain) 6 0 6 1 6 3.

Sumant Misra (India) beat A. Stolpa (Hungary) 6/4 7/5 6/1.

Patty (United States) beat Man Mohan (India) 7 5 1 6 6 2 5 7 6 3.

J. Asboth (Hungary) beat Ghaus Mohammed (India) 6 3 6 2 6/4.

M. D. Deloford (Great Britain) beat W. C. Choy (China) 6 3 3 6 4/6 6/4 6 3.

India's six men Lawn Tennis players, who accomplished a notable feat in all winning their first round matches yesterday, came up against much stiffer opposition in their second round encounters to-day, but they acquitted themselves nobly, especially Dilip Bose, who beat the Belgian Davis Cup player Jack Van De Eydne, writes Vernon Morgan, Reuter's Sports Editor.

Bose was slow into his stride but fought back valiantly to win the encounter in an exciting fifth set which was even closer than the score 6/4 would suggest.

MEHTA UNLUCKY

His compatriot, Jimmy Mehta, was unlucky to encounter Czechoslovakia's brilliant left-hander, Joroslav Brobny, who was too strong for the Indian.

India's second player to reach the next round was Iftikar Ahmed who carried too many guns for the English county player John Michelmore.

MISRA AT HIS BEST

Of the remaining three Indians, Misra was the only one to enter the third round which he did so comfortably at the expense of the Hungarian, A. Stolpa. The Indian Champion was seen at his best.

EASY VICTORY OVER GHAUS MOHAMMED

Another Hungarian, J. Asboth, avenged his compatriot by an equally easy victory over Ghaus Mohammed Asboth, Hungary's number one player, is one of the best exponents of the game in Europe to-day and may be regarded as the dark horse of the championships.

GOOD DISPLAY BY MAN MOHAN

Man Mohan put up a remarkably good display before losing to the United States player, Budge Patty, who has yesterday put out one of Australia's lesser known stars, O. Sidwell.

In the third round each Indian is set a really formidable task, for Bose meets the Champion, Petra, Ahmed meets French Davis Cup player Abdesalam while Misra has to face the crack Australian, Dinny Pails.

EASY WIN FOR AMERICA'S 'FOUR' IN WOMEN'S SINGLES

Glorious sunshine greeted the debut of the world's best women lawn tennis players before 20,000 spectators here today, the feature of their opening matches being the brilliant all-round play of America's "Big Four", each of whom had little difficulty in winning, cables Vernon Morgan, Reuter's Sports Editor.

Margaret Osborne, Louise Brough, Doris Hart and Patricia Todd, each won in two straight sets. Especially notable was the performance put up by the young Florida player, Doris Hart, tipped by many to take the title, who allowed the South African Champion May Muller, only two games in winning six-one, six-one.

Louise Brough, seeded number one, beat Mrs. Glover, better known as Squash Rackets Champion Susan Noel, 6-1, 6-0 while her doubles partner, Margaret Osborne allowed another English player, Mrs. Chawdler only five games in winning 6-3, 6-2.

Patricia Todd beat English games Mrs. Elizabeth Morgan, 6-3, 6-0.

NO MAJOR UPSET IN MEN'S SINGLES

Continuation of the Men's singles again provided no major upset although Australian Geoffrey Brown, finalist last year, was taken to five sets by Czechoslovakia's Number Two player, Vladmir Cernik, whose magnificent retrieving caused the Australian to play all out eventually to win by 6-4, 2-6, 6-1, 4-6, 6-1.

Champion Yvon Petra of France quickly eliminated the Englishman, H. F. Walton 6-2, 6-2, 6-2 while the favourite Jack Kramer of the United States beat C. Spychala of Poland by the identical score.

John Bromwich quickly won the first two sets against his Swedish opponent, Lennart Bergelin 6-0, 6-4, but the Lanky Swede found his best form in the third set which entered 22 games before the Australian won 11-9.

There was a Marathon match on one of the outer courts, Roger Abdesselam, France's Number four player, and Eustace Fannin, South Africa's Champion, batting for two hours and twenty minutes before the Frenchman won 11-9, 6-3, 2-6, 6-4.

BALL CROSSES 106 TIMES

The encounter was fought from the baseline and rallies of 60 hits or more were frequent. On one occasion the ball crossed 106 times.

Britain suffered a blow when young Tony Mottran, regarded as the best hope of the British Contingent, was beaten by French Davis Cup Player Pierre Pellizda by 7-5, 6-3, 8-10, 6-4.

A remarkably fine performance was accomplished by the one-armed Austrian player, 33-year-old Hans Ridl who lost his left arm during the war. He eliminated the Swiss Davis Cup player, Max Ellmer, 6-2, 6-3, 6-4.

KARACHI, June 24, (A.P.I.): In deference to the wishes of the Hindu community in Sind Mr. Rupchand Belaram, Retired Judicial Commissioner, former President of the Sind Collegiate Board and a founder of some educational institutions here has resigned his seat on the Sind University Senate.

AIRMEN'S LAST MINUTE WIN OVER K. O. Y. L. I.

Gardner's Good Efforts For Losers

BOMBAY, Tuesday

R.A.F. 'A'	2
K.O.Y.L.I.	1

In the second semi-final of the Western India Services Soccer Championship, the first string of the Royal Air Force prevailed over K.O.Y.L.I. by the odd goal in three scored barely a couple of minutes from the end. The winners now meet Somersets in the final.

The game was well contested, and the standard of soccer was well above the average seen this year. A draw might perhaps have been a fair index for both the sides fought gallantly and it is rather difficult to say which side really deserved to win.

The outstanding performance of the match was certainly that of the losers centre-forward Gardner who was a constant menace to the airmen's defence. On a slow and dull outfield to which the Englishmen are more accustomed, Gardner side-stepped, dodged and passed with accuracy and nearly always with profit.

For the winners Randall was once again the brain behind their movements. He exploited both his outside-right and his centre-forward with good results. One such movement culminated in Jenkins tapping a pass from Graves into the net to give the senior string of the Royal Air Force their passport into the final.

After a futile first half during which the score-board remained blank, Kilgallon converted a penalty to give his side the lead. The soldiers fought back gamely but were unable to score until 10 minutes from time when Gardner scored from a melee resulting in front of an open goal. Some two minutes from the end Graves beat Rastrick before passing to Jenkins who decided the issue of the match.

THE TEAMS:

R.A.F. 'A':—Masterton; Gifford and Hall; Tucker, Rennie and Kilgallon; Graves, Randall, Jenkins, Parrow and Francis.

K.O.Y.L.I.:—Rastrick; Morley and Walker; White, Benett and Selway; Akelhurst, Ducking, Gardner, Smith and Stock.

REFEREE: Jayaraman.

CENTRAL LIBRARY FOR BOMBAY

BOMBAY, Tuesday.

The first stage in the Bombay Government's province-wide library movement will be reached with the opening of a Central Library by Mr. B. G. Kher, Prime Minister, on Thursday at the Town Hall, Bombay. The Central Library, which will serve as a nucleus and co-ordinating force for library activity throughout the province, will be managed by the Bombay Branch of the Royal Asiatic Society whose valuable collection of 150,000 books will be made available to students and research workers. The main room of the Town Hall will be converted into a public reading room where accredited readers may consult and study any of the Society's books.

A special exhibition of a representative collection of books of the Society's Library was arranged in the Town Hall this evening for the benefit of pressmen. They were impressed with the rare and original collection of books on literature, art, politics, economics etc., acquired by the Library.

WEATHER SUMMARY

POONA, June 24, (A. P. I.): Following is the daily weather summary for Tuesday, the 24th June, 1947:—

A shallow depression has formed in the north Bay of Bengal. It is likely to move in a northerly direction. Rainfall has been widespread in the Konkan and local in Malabar, Mysore, north Hyderabad, the west Central Provinces, East Central India, Bihar and Chota Nagpur. A few thundershowers also fell in Assam, south-west Bengal, Orissa and the Punjab Hills. Day temperatures continued markedly above normal in the United Provinces, east Central India, the East Central Provinces, and Chota Nagpur.

FORECAST UNTIL THE 25TH EVENING:—Rainfall will be nearly general in Malabar and local in the Konkan. Thundershowers will occur locally in north-east India and the north Madras Coast and at a few stations in Mysore, the Deccan and in and near south-east Rajputana. Dust raising winds and isolated dust storms are likely over major portions of north India.

The Bombay Chronicle

SIND CABINET'S ASSURANCES

We welcome the assurances given the other day to the Hindus of Sind by Mr. Ghulam Husain Hidayatullah in a press statement in which he also invited their co-operation and goodwill in serving Sind. He called upon them "to dismiss from their minds all mischievous and unfounded notions of any impending trouble to the Hindus", he repudiated the suggestion that the Sind Government was thinking of "expropriating the Hindus of their possessions" and he protested that "it is bad psychology to go on suspecting the "bona fides" of Muslims and attributing to them base motives." If Mr. Ghulam Husain Hidayatullah took the trouble to recall the good many statements made by himself and his colleagues through the press and on the platform and, above all, certain official measures adopted by his own Government, he would find that "the mischievous and unfounded notions" had their origin and foundation mainly in the words and deeds of himself and his colleagues. Since then his colleagues, Pirzada Abdus Sattar, who seems to be a sort of vocal liaison between the League High Command, the Cabinet and the public, has also spoken in support of the Premier. He goes even further. After declaring that the Premier had spoken for the whole Cabinet, the Pirzada assured the Hindus that Pakistan was "a common heritage of both Hindus and Muslims' and that "if there are any rigours in Pakistan those rigours will be commonly shared by both the Hindus and Muslims as pleasures will be enjoyed by both."

This is the correct policy to adopt and, we repeat, we welcome the assurances given by the Sind Ministers. But, however "categorical" they may be and however genuinely meant, they need implementation in deeds, especially in view of the Government's actions as represented by the Sind University Act and the reservation of Hindu and Muslim proportions in the Services. The first and urgent need as test of "bona fides" is for the Sind Cabinet to revise its policy in respect of those two measures. Incidentally, there will be general agreement with the Sind Premier's view that "the goodwill of the majority community is an essential requisite to the happiness of the minority community." But an essential requisite to enabling the minority community to win the goodwill of the majority is for the majority to show and prove its own goodwill towards the minority. It is, indeed, the higher obligation. And it applies to the majorities both in Pakistan and in the Indian Union.

Wild Talks

At his prayer meeting on Monday, Mahatma Gandhi again referred to the division of India and the duty of the "major partner" to prove "true to his salt." This, he repeated, could be done by right behaviour on the part of the major partner, by always acting as one nation, by refusing to treat the Muslim minorities as aliens in their own home." How justified Gandhiji is in his urgent and repeated warnings and pleadings on the subject is shown by the speeches and activities of, for instance, Mr. Purshottamdas Tandon. But some others are worse still. The Hindu Mahasabha Executive showed in its recent resolution how it had completely lost all balance. At the Tamil Nad Hindu Mahasabha Conference Mr. L. B. Bhopatkar, the Mahasabha Chief, has proved if anything that men of his way of thinking are determined to bring disaster to the country and the nation if they can help it. Mr. Bhopatkar has positively repudiated Indian nationalism. He insists that "Muslim communalism has got to be met by Hindu communalism" because "it is futile now to run after the will-o-the-wisp of nationalism, as the nation has ceased to exist." And Mr. Bhopatkar's solemn "message," therefore, is "Hinduise all politics and militarise Hindudom." Mr. Bhopatkar does not see that his programme, in, let us earnestly hope, only unconscious imitation of Hitler, will lead to chaos and disaster that will destroy India and the entire people. But as we said sometime ago, it is a thousand mercies that India accepts the guidance of Mahatma Gandhi rather than that of men completely blinded by wild passions and prejudices.

Hopeful Developments

The political and economic situation in Europe has been deteriorating so fast that the continent has reached the edge of the precipice. And if the headlong rush is not checked Europe is bound to go down dragging the rest of the world along with it, too. So far every effort to save Europe has failed. The latest, namely, the Marshall Plan of United States economic aid to Europe shows promise of better success because it is calculated to relieve the material distress that the peoples of that continent are experiencing. If it succeeds, it will also effect a psychological change in the political situation in Europe which is characterised by conflicts and hostility and by split into two potentially warring camps. A great deal depends on the Soviet Union whose acceptance of the Anglo-French invitation to discuss the Marshall Plan has been widely and rightly welcomed. But an equally great deal depends on the United States, which is to play the Good Samaritan. The Russians have certain fears and suspicions, they have also certain rights. It is their due that they should be reassured in those respects no less than it is their duty to reassure the United States and the West. What is needed is a change over to "unsordidness" by all sides.

Frankly Speaking

Right Choice

Under the dynamic handling of Pandit Jawaharlal Nehru, India, who was so long part of the British baggage, has begun to play her proper role in the sphere of international politics. Her Ambassadors are going forth to one country after another, and her voice is beginning to be heard in the far corners of the globe. The latest country to which a fully and properly accredited emissary is being sent is Japan. It is true that there is already in that country an Indian Liaison Officer with the Supreme Allied Commander. But, with the appointment of Sir B. Rama Rao as leader of the Liaison Mission with the personal rank of an Ambassador, the Mission acquires a new importance. This is due as much to the increase in the status of the office as to the dignity lent to it by the personality and standing of Sir B. Rama Rao. Sir Rama Rao is no stranger to diplomatic office, having in the past served as India's High Commissioner in South Africa and acquitted himself creditably in that very difficult position. We have no doubt that Sir B. Rama Rao and his distinguished wife, Lady Rama Rao, will not only safeguard India's interests with the occupation authorities but will, even more, help to add to the prestige and fair name of India among the Japanese people.

Right Lead

The approach of freedom has wrought many changes in men's minds in India. From the tallest to the smallest, people are changing their modes of thought and behaviour and readjusting their attitudes to the changing environment. Such a change of outlook has been most marked in the Anglo-Indian community, who from being allies of the British masters, are seeking to become true citizens of India. No small share of credit for this metamorphosis must go to Mr. Frank Anthony, President of the Anglo-Indian Association of India. Addressing a mass meeting of the members of his community at Calcutta the other day, Mr. Anthony called upon members of his community to create in the minds of the people of this country the assurance that the Anglo-Indians would give to India their complete loyalty. He also urged them to adopt an attitude of friendliness towards the Congress which he was confident would be fully reciprocated. Neither in his advice nor in his hope is Mr. Anthony mistaken. At the same time he rejoices that the division of India had left intact the integrity and cohesion of the community. While there is nothing exceptionable in that sentiment in the context of current social sentiment, a more progressive policy would aim at the elimination of those special characteristics which prevent the community from becoming more and more a part of the nation—less 'Anglo and more 'Indian'.

Commendable Record

The report of the work done during 1946-47 by the small but devoted band of 26 men, who today constitute the Servants of India Society, may be no journalistic masterpiece of interesting reading, but it discloses a record of valuable and unostentatious service. The high standard of public service set up by the late Gopala Krishna Gokhale, when he founded this organisation on June 12, 1905, with the ambition of recruiting an army of national missionaries, is not easy of attainment. But it is not disputed that during these forty-two years, so restless and full of change in India and the world in general, its members have striven to fulfil that ideal, in so far as it lay in their power to do so. The many-sided work of Pandit Hriday Nath Kunzru, who has been President of the Society during the last three years, has attracted its due share of attention in the press from time to time. The persistent and tireless efforts of Mr. Amratlal Thakkar to elevate the lot of the aborigines in India has now come to be generally recognised. But public recognition or otherwise is no criterion of the work of the Servants of India. In the fields of labour organisation, Harijan uplift, famine relief as well as in journalism, the members have endeavoured during the year under review to be true to the ideal set by the founder. That is joy in itself "the joy", as Gokhale put it, "which comes of spending oneself in the service of one's country".

Our Readers' Views

Petrol Rationing

Sir,—We have been told authoritatively that the petrol rationing is not going to be removed. If it is going to be kept on may I very strongly suggest to the authorities that they have a new basis an calculation for the basic ration. So far motorists have been starved the use of their cars due to petrol restrictions and the suggested basic ration will at least ensure a reasonable mileage of 700 to 750 miles per month for a car owner. The expenses for maintaining a car such as taxation registration, garage, driver, etc. are all the same whether the car is used more or less. Hence to ensure some kind of a return for money invested in a car a reasonable mileage per month should be ensured to the motorists and in my opinion the following basis of calculation will suit the purpose:

Cars of 5 to 9 h.p ... 25 gallons per month
Cars of 10 to 15 h. p. .. 30 gallons per month
Cars of 16 to 21 h. p. .. 35 gallons per month.
Cars of 22 to 30 h p. ... 40 gallons per month
Cars of 31 h. P. and over .. 45 gallons per month

In addition to the above basic those who are doing essential work may be allowed a maximum upto an equal amount of supplementary on application. For taxis plying for hire the basic ration may be doubled.

In my opinion the above suggested basis will avoid a lot of dissatisfaction at present prevailing among motorists and will ensure that everyone gets his fair share of petrol. The Government fear that in case rationing is removed everyone will start using his car very liberally will also be eliminated and the greatest advantage will be that the present heavy strain on public vehicles like buses etc. will to a large extent be lessened.

Will the authorities concerned kindly heed this suggestion? Yours, etc.

KHER AT BRAHMIN SABHA

(From A Correspondent.)

An important announcement was made by Mr. B. G. Kher at the rather uproarious meeting he addressed at the Brahman Sabha Hall on Saturday night. The meeting was held to unveil the portraits of three veteran workers of the Brahman Sabha—Messrs. P. V. Kane, M. V. Bhatavdekar and P. P. Mahajan. The Prime Minister was there to unveil those portraits. But as some people chose to interrupt him and heckle him, he met his objectors wth appropriate retorts. The Brahman Sabha is regarded as a strong citadel of Hindu Sabha views and the Sabha is a deadly enemy of the Partition idea as well as the adoption of the Gandhian way in Indian politics. Questions put to Mr. Kher centred round the efficaciousness of non-violence for every circumstance and every occasion.

Mr. Kher declared that Free India was going to have complete defence preparations in all its arms —the army, the navy and the air force. He had it from Brigadiers Kariappa, Thorat and Nathusingh that sufficient number of educated young men were not coming forth to join the Defence Forces. His Government had donated 800 acres of land worth Rs. 30 lakhs to the Indian War Memorial Acadamy which was shortly to be established at Khadakvasla near Poona in the neighbourhood of Simhagarh. He also reminded them that a believer as he was in the doctrine of Ahimsa as the only ultimate force for dissolving all human conflicts, he did recognise limited and judicious use of force so long as the institution of State was there and therefore as long back as 1937, when he was Prime Minister for the first term, he had declared that he was in favour of compulsory military education for high school boys and undergraduates. The occasion was the first annual gathering of the Kandivali Physical Training College. Mr. Kher rounded his remarks by appealing to the Mahratta Youth to join the Indian War Memorial Academy to be started soon at Khadakvasla.

Mr. Kher's hecklers were silenced by his spirited remarks and telling retorts and the meeting should have appropriately concluded with a hearty reconciliation between him and a section of his audience. But that did not happen. Mr. Kher announced that so long as he was not wanted in the Sabha premises by even one member of that organisation he would not step in there, even though he had been its member, since 1903. One very much regrets that such an atmosphere should have prevailed at the Brahman Sabha Hall, one also wishes that some responsible office-bearer of the Sabha, perhaps Mr. A. B. Gajendragadkar, who is President of the Sabha and was in the chair on this occasion too, had dissociated the Sabha from the people who were responsible for the uproarious scenes and assured Mr. Kher of their sympathy and support to his military education plans. All that Lt.-Col. Gajendragadkar is reported to have done is that he appealed all able-bodied Brahmans to enlist as Home Guards.

BURMA MUST BE FREE AT SAME TIME AS INDIA

Aung San's Move To Get Executive Council Converted Into Interim Dominion Govt.: Goodwill Mission In London

RANGOON, June 24 (Reuter): Burmese political leaders are trying to secure British agreement for immediate conversion of the Executive Council into an Interim Dominion Government, "Reuter" learned to-day on high authority.

Efforts are being made, it is understood, to effect a transfer of power based on this arrangement—which will be without prejudice to the final decision of the Burmese Constituent Assemoly—sometime before August 15.

It is learned that the Executive Council recently resolved to claim the immediate grant of Dominion Status for Burma, in view of the forthcoming transfer of power in India. This move was prompted by the universal feeling among Burmans that transfer of power in Burma should not be later than in India.

U Aung San, President of the Anti-Fascist Peoples Freedom League, then decided to send a Goodwill Mission which is now in London. The Mission, it is understood, will urge the British Government to put through the necessary legislation for the transfer of power in Burma at the same time as in India.

PLEBISCITE IN UPPER BURMA

A plebiscite may be held in the Bhamo and Myitkyina areas of Upper Burma to decide whether the areas, now under direct British Administration, will be incorporated in Ministerial Burma or become part of an autonomous Kachin State within the proposed Union of Burma.

Negotiations on the subject of a plebiscite are now going on between leaders of the Anti-Fascist People's Freedom League and representatives of the frontier areas.

Kachin leaders taking part in the negotiations told "Reuter" to-day that there was every likelihood of the Bhamo and Myitkyina people throwing in their lot with the Kachin tribesmen, "if they are given a chance for a free choice of their future."

RESISTANCE INEVITABLE

Shape Of Travancore's Struggle For Popular Sovereignty

ERNAKULAM, June 24 (A.P.I.): "In the existing conditions in Travancore, resistance has become inevitable and Government must be made to realise the force of public opinion," said Mr. Pattam Thanu Pillai, President, Travancore State Congress, addressing a Press Conference this evening.

He added: "All prohibitory orders seeking to curtail the civil liberties in any manner will be resisted throughout the State."

Stating that the "resistance movement" will be on non-violent lines, Mr. Pillai stated: "Directions regarding other items of civil disobedience will be issued from time to time as circumstances demand until the objectives of the State Congress are achieved."

Mr. Pillai then dealt with what he called coercive methods adopted by the Travancore Government to secure the support of the people and said: 'The people of Travancore will not allow the present state of affairs to continue. I am sure they will decide their destiny and govern their country.

He stated that the future of the State Constitution, the State's relations with the Indian Union and the formation of a United Kerala should be decided by the people themselves and not "by one individual."

Referring to the proposed declaration of independence by Travancore, Mr. Pillai said that a referendum should be taken on this issue. But he felt a referendum under the existing conditions was impossible.

He also demanded the formation of an Interim Government in the State consisting of popular leaders to tackle effectively important problems, such as scarcity of food and unemployment.

HOME MINISTERS ANSWERS CRITICS

Warns Against Indulging In Baseless Charges Against Govt.

BOMBAY, Tuesday.

Addressing a Conversational meeting arranged by the Commerce Graduates' Association this evening at the Association Hall Mr. Morarji Desai, Home Minister of the Bombay Government, said if the people did not encourage the black market, it would wither away. Mr. M. A. Master presided.

Replying to the questions put by the members of the Association, Mr. Desai asked them to level intelligent criticisms and not to indulge in irrational and baseless charges against the Government. 'You cannot blame the Government if the rain fails, if the wheat production falls short or if Burma, U.S.A. or Australia do not send adequate foodgrains!' They should bear in mind that that whole world was passing through critical times, he added.

Answering a question suggesting imposition of law to meet the situation, the Home Minister said the law could not solve economic problems. It would only lead to the rise of dictatorship. They should realise that the Government plans for house building, milk supply and economic development would take ten to fifteen years to bear fruits. There was acute shortage of the building materials and trained staff to implement the plans.

Joshi Pleads For Pressure For Implementing I.L.O. Conventions

GENEVA, June 24 (Reuter): The international Labour Conference today accepted Austria as a member State of the International Labour Office.

The Austrian Government had undertaken to eliminate from its Labour Laws all remaining modifications made by the Germans.

The resolution to re-admit Austria with the same obligations and rights as other members was warmly supported by the French and Swiss delegates.

Mr. N. M. Joshi, Indian delegate, said that there was various unrest among Indian workers. Unemployment faced many of them because the Government had made hardly any attempt to convert from way to peace production. Housing was not being adequately tackled, and sermons were not enough to get increased production from Indian workers.

Mr. Joshi said the International Labour Office should do more to bring the pressure of world opinion on Governments to see that its draft convention was applied.

Mr. Cornelius Van Der Horst, the South African Government delegate, speaking in the general debate which followed the vote on Austria, protested against criticisms of his Government's treatment of native labour.

There were many native Trade Unions in South Africa, he said, and there was a Bill before the Union Parliament to include native labour in a collective bargaining system.

'HALLUCINATIONS OF PANICKY MIND'

New Delhi Reaction To Sir C. P.'s 'Firmans'

(From Our Correspondent)

NEW DELHI, June 24.

Travancore Dewan's daily 'Firmans are read with some amusement They are interpreted as "hallucinations of panicky mind". Reprisals cannot be one-sided says the Travancore Dewan. New Delhi knows it and shortly proposes to open negotiations for import of copra from Ceylon.

New Delhi would also welcome Travancore's action against non-Travancoreans as reprisal against Government of India's contemplated action against Travancore state subjects in Central or Provincial employment. As for the Dewan's assumption that New Delhi shall have to launch campaign against Hyderabad etc., in view here is that unlike Travancore, Hyderabad has not declared war on India by appointing envoys.

Leaguers' View Of Textile Conference

(From Our Correspondent)

NEW DELHI, June 24.

"C. R." has called a Conference of textile interests to meet here tomorrow to discuss textile control. The Industries Department appears to move in circles. It first consulted textile interests. Thereafter, it consulted Provincial Governments majority of which were for decontrol. It is back to textile interests again and to complete the circle, it should consult Provincial Governments in the light of the discussions it had with textile interests. League circles here regard proposals to decontrol as a move against Pakistan. On the assumption that cloth prices would go up, they argue that the proposal was being mooted to charge higher prices from Pakistan provinces.

The proposal to decontrol, however, has been before Government long before June 3.

INDIAN DELEGATION TO INDO-BRITISH SHIPPING CONFERENCE

(From Our Correspondent)

NEW DELHI, June 24.

Indian delegation to the Indo-British Shipping Conference is expected to leave India shortly I learn.

The Conference is expected to ccmmence in London on July 15. The delegation will be led by Mr. Walchand Hirachand and will include Mysore Dewan, Sir Ramaswamy Mudaliar. The Conference will discuss India's demand for increased share in shipping trade in areas at present under the sphere of British shipping. Negotiations will also relate to the purchase a share of British tonnage.

EX-RULER OF REWA TO STAGE COME-BACK?

(From Our Correspondent)

JUBBULPORE, (By Mail).

The ex-Maharaja of Rewa Sir Gulab Singhji, it is reported, is planning to stage a come back to the state some time in August next when the Paramountcy will cease to exist.

The ground for his return is being prepared by his supporters who are busy raising the high hopes and expectations among the masses. The ex-Maharaja has established his headquarters at Allahabad.

How Partition Of Province Affects Education

CALCUTTA, June 24 (A.P.I.): "The University of Calcutta, the biggest of Indian Universities, will be seriously affected by the partition of Bengal", remarked Mr. P. N. Banerjee, Vice-Chancellor of the University, in an interview to the "Associated Press of India" to-day. Of the 2,300 affiliated schools which were now under the control of the University, approximately 1,200 schools would go to Pakistan, and 300 might go under Assam. In that event there would be 800 schools under the direct supervision of the University.

Mr. Banerjee added that there were at present 116 colleges under Calcutta University. The partition of Bengal would affect 34 colleges in Pakistan Zone. Of the remaining 82 colleges, 23 might be included in Assam. In that case 59 colleges of West Bengal would remain under this University.

Mr. Banerjee estimated that roughly about 30 to 35 thousand students would appear at the matriculation examination next year unless East Bengal students were also permitted to appear for it. There were over 60,000 candidates this year.

EQUAL STATUS FOR HINDUS

Afghanistan Consul-General's Reply To Mahatma

NEW DELHI, June 24 (A.P.I.): Sardar Ghulam Mohammed, Consul-General of Afghanistan in India, to-day categorically denied the allegation that Hindus in Afghanistan "lived only on sufferance and as inferiors."

"It is absolutely baseless", said Sardar Ghulam Mohammed in an interview. In Afghanistan, he added, Hindus and Sikhs, who were the nationals of the country, enjoyed the same rights and privileges as any other Afghan citizen. Afghanistan was a Muslim country but non-Muslim Afghans had complete freedom of religion. The oldest Hindu temple was in Afghanistan and large number of Hindu pilgrims visited it regularly.

Afghan Hindus were employed in Government service, there were Afghan Hindus serving as officers in the Afghan army and they carried on their business or purchased property like the rest of the people of Afghanistan. An Afghan Hindu held the key post of Head of the branch of the Afghan National Bank in Karachi. The relations between Afghan Hindus and Afghan Muslims were very friendly. They interdined and fraternized with each other on festivals like Idd and Diwali.

DEPLORABLE

He greatly deplored the fact that such an allegation was ever made.

It will be recalled that addressing his prayer meeting on June 22 in New Delhi, Mahatma Gandhi had said that at Hardwar (where he had gone to visit refugee camps) interviewers in the course of conversation said that in Kabul there were Hindus who lived only on sufferance and as inferiors. They had to wear a special coloured turban to distinguish them from the Muslims. Mahatma Gandhi had said he could not believe the story but the informants insisted that it was true. He would be glad to have confirmation or contradiction from the Kabul authorities. He could not tolerate the idea of any Indian living anywhere except on terms of honourable equality.

Sardar Ghulam Mohammed said that it was true that some Hindus in Afghanistan wore turbans of yellow or any other colour but that was a matter of personal choice and nobody compelled them to wear any particular type of headgear. They were absolutely free to wear European, Afghan or other headgear and many of them did so.

Sardar Ghulam Mohammed is leaving for Kabul to-morrow on a short visit.

PROTEST AGAINST SECRECY

British Press Inquiry Issue Raised In Commons

LONDON, June 24 (Reuter): A protest was made in the House of Commons today against the decision of the Royal Commission, which is to inquire into the best method of ensuring the freedom of the British Press, to take evidence in private.

Labour member Haydn Davies, one of the journalists, said that the taking of evidence in private was repugnant to those who sponsored the Commission. He urged that its terms of reference should be revised to secure that evidence was taken in public.

Mr. Anthony Eden, Deputy Leader of the Opposition, also protested against "this rather extraordinary procedure". "In diplomacy", he declared, "we have open covenants openly arrived at."

Another Conservative, Mr. Anthony Marlowe, said that the statement by the Commission that it did not propose to publish oral evidence because that would enable witnesses to talk more freely had never been accepted in a court of law for hearing evidence "in camera".

He asked why those who made certain allegations against the press should not come out into the open and substantiate them in public.

The Prime Minister, Mr. Clement Attlee, replied that when the Commission was appointed it was made perfectly clear that it would settle its own procedure. It was not a court of law. The Commission was set up to inquire into the best method of ensuring the freedom of the press.

The Chairman of the Commission had informed him that it had not closed its mind to the possibility of publishing some of the evidence taken orally in private. It had not been able to come to a final decision on this at the present stage. Written memoranda requested from particular witnesses would be published.

Mr. Thomas Briberg, Labou. Member and journalist, disagreed with those who thought the Commission's decision repugnant and referred to the "danger of subtle forms of victimisation".

TÊTE-À-TÊTE

WITHOUT COMMENT—

"...But the hatred which the Muslim League has created among us today is a potent of danger", Mr. Purshottamdas Tandon declared and added:

"If you want to fulfil your cherished dreams of 'One India', you must generate a 'Shakti'".

In his inevitable comment on the Indian Government's reported reaction Sir C. P. Ramaswamy Aiyer says: "Continued entertainment of Travancoreans in Foreign (that is, Indian) Service will not be adequate consideration for giving up of the independence".

Quite right. In fact, nothing, not even the liberation of the people of Travancore can be adequate consideration for giving up of the C. P. Ramaswamy Aiyer independence of Travancore. Quite, on the contrary.

But personally we think Sir "C. P." would be wiser himself to recall the Travancoreans from Indian—sorry, we mean Foreign Service. You see, they can't be trusted not to emulate the Ind—Foreign national Sir C. P. Ramaswamy Aiyer and act disloyally towards their own country, to wit, Travancore.

* * *

Analysing the possibilities of economic sanctions, Sir C. P. points out that, apart from food and textiles, "most of the other necessities and even luxuries of life are produced in this state" in surplus quantity.

Moreover, the greatest necessity of life in Travancore, greater than food and even, has already been imported from the foreign territory of India, and is making the life of Travancore a paradise, too.

* * *

Incidentally, Sir C. P. has also "talked to commercial men and others on this aspect of the matter and the proposed boycott of Travancore has made even the waverers come round in support of Government's present policy".

Sir C. P. Ramaswamy Aiyer's capacity for work at super-sonic speed is simply wonderful. Within a few hours of the receipt of the A.P.I. report from New Delhi, he had made a referendum to "commercial men and others" got the returns, counted them and secured good supplementary results, too.

But we are slightly disappointed also. We were quite sure that there weren't any "waverers" among "the commercial men and others". Sir C. P. has somewhat let the admiring students of his daily pronouncements down.

Pirzada Abdus Sattar, the trained Sind Minister, now declares that Pakistan is "a common heritage of both Hindus and Muslims" and that its "rigours will be commonly shared by both the Hindus and Muslims as pleasures will be enjoyed by both".

Let's see what he and his colleagues say, we mean do, next.

Apropos of the proposed discussion on the Marshall Plan, a London report says: "the Soviet decision to accept freely the Franco-British invitation is considered to be of major importance".

Provided the whole thing does not culminate in a deadlock of major importance.

RUSSIA'S 'NO' TO BRITAIN

Request To Clarify Hungarian Situation Turned Down

LONDON, June 24 (APA): An authoritative British source reported today that Russia for the second time in two weeks has rejected a British request for "clarification" of the situation in Hungary.

A Foreign Office spokesman confirmed receipt in London of the Russian answer, but said he could not disclose its contents.

The spokesman said the Russian note was in reply to an aidememoire submitted to the Soviet Foreign Minister, V. M. Molotov in Moscow on June 17.

It was delivered in London over the week-end, the spokesman said, presumably when Ambassador Georgi Zarubin handed over his Government's acceptance to the invitation to attend Three-Power talks on European reconstruction.

SOVIET ARMS CHINESE "REDS"

NANKING, June 24 (Reuter): Lieut. General Ho Fei-Hsia, a high official of the Ministry of National Defence, was to-day reported to have said that out of a total of 800,000 armed Communists in China, 600,000 were equipped with Russian assistance.

In a report to the Constitution Promotion Association, he was quoted as saying that Soviet advisers were helping the Communists in planning their military strategy in Manchuria.

General Chen Cheng, Commander of the Chinese Ground Forces, was reported to have said that China's civil war was becoming an international problem.

The present Communist offensive could not have been launched without foreign support, he was quoted as saying.

League High Command Calls For Martial Law In Lahore

Curfew-Breakers Shot By Troops: More Bombs Explode And Fires Kindled

(From Our Correspondent)

NEW DELHI, June 24.

The League High Command, according to reports, has requested Lord Mountbatten to have Martial Law introduced in Lahore. A similar request has already been made by the Congress. New Delhi anticipates introduction of Martial Law almost forthwith.

LAHORE, June 24 (API): A hand-grenade was thrown this morning outside Lohari Gate. No one was, however, injured. The police cordoned off the locality and recovered three live bombs from a house besides some explosive material. Some persons were arrested in this connection.

One person was injured in an explosion which took place this morning behind Water Works.

11 shops were set on fire in Lohari Mandi last night. Some house have also been burnt inside Bhati Gate. Two old fires rekindled on Brandreth Road and Akbari Gate. Upto 10 a.m. attempts at arson were made at three different places. A mill is reported to have been looted near the District Courts.

Three persons attempted to set fire to a cinema house on MacLeod Road in the early hours of the morning. They are reported to have sprinkled petrol on the doors of the hall but on being challenged by the chowkidar, they drove away.

EXCHANGE OF WAR CRIES

Noisy slogans and "war" cries were exchanged between residents of Sanda Kalan and Krishna Nagar during curfew hours last night. The police appeared on the scene and quietened the people.

LAHORE, June 24 (A.P.I.): Four large-size bombs were seized besides a number of swords, spears and other weapons by the police when they carried out searches in Dharampura area which had been specially clamped under six-hour curfew (from 6 a.m. to 12 noon) to-day. Sheikh Ghulam Ahmed, Cantonment Magistrate, challenged a man who was burying the missiles and took him into custody.

One person was stabbed outside Mochi Gate this afternoon. Two other knife-attacks took place in Nicholson Road and Misri Shah. All the three injured persons were removed to hospital.

TWELVE FRESH ARSON CASES

Up to 4 p.m. 12 fresh fires had been raised, the areas affected being Akbari Mandi, Brandreth Road, Pipal Velhra, Chah Pachhwara (Mozang) Lohari Mandi, Mohalla Jalotian, and Kucha Melaram (inside Bhati Gate). Three old fires rekindled in different parts of the city in the course of the day.

The Tibbi and Bhati Gate areas have been causing considerable worry to authorities it is learnt. There was again an exchange of brickbats in the area.

In the curfew-bound area of Misri Shah a number of persons were shot at by troops for violating the curfew.

British and Indian troops and police continue to patrol the streets.

There was a rush in banks this morning and there were many long queues at the counters.

BOMBS UNEARTHED IN AMRITSAR

AMRITSAR, June 24, (API): One person was killed and another seriously injured in an explosion which occurred this morning in Kucha Motiram in Katra Khazana.

On a search of the house five live bombs were seized by the police. There were two knife attacks in the course of the day. Four fresh fires were raised in different parts of the city and old fires rekindled during the day.

CALCUTTA INCIDENTS

CALCUTTA, June 24, (API): Five persons were killed and about a dozen were injured in today's incident in different parts of the city, according to a bulletin issued by the Relief Welfare Ambulance Corps at 10 p.m.

The figures have not been officially confirmed.

Reports of 14 incidents were received today from different localities and the police and military made more than 90 arrests on the spot, says a Bengal Government press note issued tonight.

Howrah remained quiet.

ARSON IN DELHI

NEW DELHI, June 24, (API). Three shops were completely burnt and five partially damaged in a fire which broke out in the Sardar Bazaar Market early this morning. No loss of life was reported.

The cause of the fire is not known.

CLAYTON CONFERS WITH BR. CABINET

Discussion Centres Round "Big Three" Paris Talks

LONDON, June 24 (Reuter): United States Under Secretary of State, Mr. William Clayton, and key British Cabinet Ministers discussed general European economic problems at 10, Downing Street this morning. the British Foreign Office disclosed today Diplomatic observes here believe the Marshall Aid to Europe Plan was on the agenda, but the spokesman refused confirmation.

Prime Minister Clement Attlee, Foreign Minister Ernest Bevin, Chancellor of the Exchequer Dr. Hugh Dalton and Sir Stafford Cripps President of the Board of Trade attended the Conference, to which Mr Clayton brought the United States Ambassador, Mr. Lewis Douglas.

Though Mr. Clayton has become increasingly identified with the economic talks between Britain Russia and France at Paris this week, there is no suggestion that he will actually participate in them.

Mr. Bevin is thought to be taking this opportunity to obtain the American economic experts' view on how the Big Three' Foreign Ministers should set about their Paris task.

Authoritative quarters say Mr. Clayton will have further meetings with the British Cabinet, before he leaves London to head the American Delegation at the Geneva International Trade Conference The date of his departure from London has not yet been fixed.

Egypt's Battle For Sterling Balances

LONDON, June 24 (Reuter): The Egyptian Delegation which is negotiating at the British Treasury on Egypt's Sterling Balance has postponed its return until next Friday, it was learned here today, writes Reuter's Financial Editor Sydney Campell. At the week-end, it had been hoped that an interim agreement to cover the next four or five years could be reached by tomorrow, but two more days have now been found necessary.

Despite this postponement, the indication that an interim settlement of Egypt's Sterling Balance is expected has a highly important implication. It is that neither India nor any other country in the sterling area is likely to suffer blocking of its unrealised Sterling Balance or still less of sterling securities

Given agreement, there would or course be no occasion for blocking.

GRADY GREETS INDIA

America Stands By Her, He Assures

BOMBAY, June 24 (A.P.I.): "We Americans, as a people, are standing by India's side. We know she will succeed in the great task ahead", said Dr. Henry F. Grady, American Ambassador-designate to India, on arrival in Bombay this morning by "President Polk."

Dr. Grady who is accompanied by his wife, was received at the quayside by the Military Secretary to the Governor of Bombay, Sir Ivor Taunton, Chief Secretary to the Government of Bombay, R. J. J. McDonald Counsel-General for Ameria in Bombay and Col. Caple and Capt. Reynolds attached to the American Embassy in Delhi.

"This is a momentous time in India's history and it is a signal honour to represent a great country in a great country—a country old in history and culture but new to the national independence which is just ahead," Dr. Grady said. "India is experiencing the birth-pains of a new life—life of vital importance to her people and to the world. There are great things ahead for this country. Our President and our people are watching with sympathy and understanding the struggle of the people of India to realise their great destiny in their own way."

"Our President and our people", said the American Ambassador "want very earnestly to see India realise her great purpose. We are confident she will do so. We Americans as a people are standing by her side. We know she will succeed in the great task ahead."

Dr. and Mrs. Grady drove to the Government House where they will be guests of the Governor during their stay in the city.

PUNJAB LEADERS' APPEAL FOR PEACE

Boundary Lines Will Not Be Affected By Murder, Says Mamdot

LAHORE, June 24, (A.P.I.): In pursuance of the resolve made at a meeting yesterday by the leaders of the Muslim League, the Congress and the Panthic Party in the Punjab Assembly to restore without delay peace and order in Lahore, Amritsar and other parts of the province, separate appeals have been issued by them to their followers.

The Khan of Mamdot, President of the Punjab Muslim League, has called upon the Muslims of the province to check all lawlessness to fight against all forms of chaos and to see that everyone who calls himself Muslim stays his hand.

In the course of a statement he says: "We, who have to build our Pakistan owe our first duty to the minorities that live amongst us, for our state can only flourish and prosper if it is firmly built on the foundations of justice and righteousness.

He adds: "The Boundary Commission will draw our boundary lines, but its decisions cannot be affected by murder, loot and arson".

SACHAR'S APPEAL

Lala Bhim Sen Sachar, leader of the Congress Party and Sardar Swarn Singh leader of the Panthic Party in a joint statement say: "Now that a final decisive step has been taken to partition the Punjab, the time has come for men who believe in ordered society to concert measures for the protection of the innocent who have been the victims of this mad and criminal folly.

The statement adds: "We give a guarantee to all the minorities inhabiting eastern Punjab that we shall not relax any effort that we can assure them of the fullest protection of the fairest treatment and of an honourable existence free from fear and discrimination.

Anglo-U.S. Victory On U.N.O. Economic Commission

SHANGHAI, June 24 (Reuter): Soviet and American delegates to the United Nations Economic Commission for Asia and the Far East meeting here since last Monday, were today engaged in a lively clash.

The dispute arose over an amendment proposed by M. Alexander Stetsenko, the U.S.S.R. delegate, to make a clause of the Committee's Draft Resolution refer to the sending of "national" administrative and technical personnel to help in countries that needed them, where the clause had no mention of the word "national" in its original form.

Mr. Monnet B. Davis, the United States' delegate, said the amendment was "unnecessary" and "undesirable" and brought up unwanted "ultra-nationalism." The Soviet delegate insisting on the amendment which the U.K. delegate also opposed. It was put to vote and defeated by seven to two.

The Commission was expected to complete the voting this afternoon on its Draft Resolution on measures for collecting and analysing information relevant to Far-Eastern recovery. The date of the next full meeting of the Commission will be decided at the first session to-morrow.

RUSSIAN EMIGRANTS TO RETURN HOME?

SHANGHAI, June 24 (Reuter): M. Alexander Stetsenko, Chief Soviet delegate to the United Nation's Economic Commission for Asia and the Far East, announced here that former Russian emigrants in Shanghai who had taken Soviet paper might be allowed to return to the Soviet Union.

He said the question would probably be solved in the same manner as in France where all Russian emigrants were given the opportunity to return and a ship was placed at their disposal.

Hitherto only children and a small number of adults have been granted permission to return to the Soviet.

Hospital For Harijans

Sari Worth £50,000 To Be Sold To Raise Money

LONDON, June 24, (Reuter): A diamond-studded sari worth £50,000 will be sent back to India from Britain shortly to be sold to raise money for a hospital for "Untouchables".

Its owner, Dr. Ruth Frazer, of Norfolk, was a medical missionary in India for years. During plague and famine the Indians among whom she worked made her a gift of the same before she returned to England in 1912. The sari is studded with uncut diamonds from top to bottom.

HOW INDIA CAN HELP VIET NAM

"Activities Of Fr. Purchasing Commission In New Delhi May Be Stopped"

MADRAS, June 23 (API): Mr. Mai The Chau, the Viet Nam Delegate to the Inter-Asian Relations Conference, speaking at a reception in his honour at Kottakuppam said that a practical way in which India could help Viet Nam in her struggle for freedom was to stop immediately the activities of the French Purchasing Commission in New Delhi.

Pondicherry, he said, should prevent recruitment of localmen to the French Colonial Army and boycott every steamer that sailed from Saigon with French military equipment.

The function was organised under the auspices of the French India Trade Union Federation, the French India Communist Party and a number of other associations from Pondicherry. The function had to be held at Kottakuppam a British territory adjacent to Pondicherry, as the French India Government refused permission for it to be held at Pondicherry.

Mr. Mai The Chau said that 95 per cent of Viet Namese were under the control of the Government of the Viet Nam Republic and that they would raise the issue before the UNO.

COURT OF ENQUIRY FOR B. & C. MILLS DISPUTE

MADRAS, June 24 (API): The Government are taking steps to constitute a Court of Enquiry to adjudicate the dispute between the workers and management of the B and C Mills. It is learnt that a High Court Judge will be appointed as Court of Enquiry. It is proposed he be assisted by two assessors, one from the side of workers and the other from the management side.

Out of a total of 14,440 workers on the rolls before the strike, only, 788 had not come forward for work yesterday. Some of them who came this morning were provided employment.

"SAVE THE FRANC" BATTLE WON

But Ramadier Govt. Faces Impending Crisis

PARIS, June 24. (Reuter): The French National Assembly today passed the Government's 'austerity' programme by a majority of 61 votes.

The Assembly began voting shortly after 11 a.m. (G.M.T.) on the Government's "Save the FRANC" Bill after a debate lasting 21 hours.

The voting was 302 in favour, 241 against, with 59 abstentions.

Voting on the Bill began after more than 15 hours' continuous debate.

M. Paul Reynaud, a former Premier, made an appeal for support of the Bill, declaring: "The policy which has been followed since the liberation has provoked the fall of the FRANC. That is the plain fact and the policy which is presented to us is the policy of monetary reconstruction. I am not going to take the responsibility of a financial crisis, so I am voting for the Government's measures".

Although M. Ramadier's Government won a victory, it emerges greatly weakened from the debate. Looby observers do not give it more than a few weeks of life.

Although the Radicals have five representatives in the Government, eight Radical Deputies, including ex-Premier Edouard Daladier, voted against the Government and 40 abstained from voting. Twenty voted for the Bill.

Independent conversatives represented in the Cabinet by two Ministers were also divided.

It was doubted whether the Government would have obtained a majority today if it had not been for the communistled demonstrations outside Parliament yesterday and the thought of the forthcoming Three-Power Conference.

The Government faces another big debate tomorrow on its general economic policy.

MAHATMA'S ASSOCIATE DEAD

PRETORIA, June 24. (Reuter): The death has occurred today of Hajee Habib aged 83, prominent Indian merchant and a close associate of Mr. Gandhi.

Hajee Habib came to South Africa in 1879 and after a short stay in Durban, moved to Pretoria. He took a prominent part in Indian affairs.

He was a member of the 1909 Deputation led by Mr. Gandhi which went to London to interview the Secretary of State for Dominions, Lord Crewe and the India Secretary, Lord Morley.

Despite his age, Hajee Habib took an active part in Indian affairs until his death and held many positions in Indian political, social and religious affairs, including that of a trustee of the Mohammedan Congregation since its inception in 1906.

Well-known among the South African Indian Community for generosity and public spiritedness, he was a pioneer in the field of commerce and industry and conducted a clothing factory.

He leaves behind his widow, a son, two daughters and many grandchildren.

DISTRIBUTION OF JAP WARSHIPS

TOKYO, June 24 (Reuter). The first "draw" for the initial lot of 32 out of the 92 ex-Japanese warships which are to be distributed among Britain, the United States, China and Russia will be made next Saturday, it was learned here today.

Manned by Japanese crews, the ships will sail from Sasebo, on the west coast of Kyushi Island, for port of delivery on July 1.

The second group of ships will be delivered late in July.

Newfoundland's Union With Canada

OTTAWA, June 24 (Reuter). The importance attached by Canada to the question of Newfoundland's Union with the Dominion is indicated by the appointment of a strong Cabinet Committee to carry on discussions with the Seven-Man Newfoundland Delegation arriving here today

Mr. Mackenzie King, the Canadian Prime Minister, announcing the appointment of the Committee, said the atmosphere of the forthcoming discussions was one of mutual friendliness and understanding".

Memon Chamber Chief On Burma Emigration Act

BOMBAY, June 24 (API). The promulgation of the Emergency Emigration Act by the Government of Burma not only curtails the free and hitherto unrestricted movement of individuals but is bound to have adverse effects on the trade and commerce of this country" says Al Haj Ibrahim Motiwalla, President of the Memon Chamber of Commerce, Bombay, in a statement.

The Act was uncalled for, especially when the past and present relations between India and Burma are taken into consideration. "At a time when there is a great need for mustering all forces of democracy in Asia, this step by an Asiatic nation against another Asiatic state is reminiscent of imperialist days"

INDIA'S INTERNATIONAL STATURE RISING HIGHER

Businessmen Abroad Are Anxious To Establish Commercial & Financial Relations With Us, Says G. L. Mehta

"Political developments in this country are being keenly followed by informed opinion abroad", said Mr. G. L. Mehta who has returned from Geneva in the course of a statement. Mr. Mehta was a member of the Indian Delegation to the International Conference on Trade and Employment. Mr. Mehta also attended the meeting of the Inland Transport Committee of the International Labour Organisation and represented the Indian National Committee at the Congress of the International Chamber of Commerce at Montreaux. "Businessmen abroad are anxious to establish commercial and financial relations with India which has immense potentialities in almost every economic sphere," said Mr. Mehta. "Further, India can become an important factor for peace and ordered progress in the East.

There is no doubt that the partition of the country is likely to affect adversely its international stature and weaken such influence as India can build up in the world counsel in course of time. India has, in fact enjoyed a higher international status than indicated by her national position in the past and during the last few years, her international stature has certainly risen mainly owing to the ability and efforts of her representatives abroad at various international conferences and in several international organisations. Ultimately however, a country's international position depends upon its own internal strength and cohesion. India would, therefore, eventually stand to gain and not lose by any constitutional setup and policy which increased her stability and domestic equilibrium.

GENEVA CONFERENCE

Referring to the Geneva Conference Mr. Mehta stated that the Conference was likely to continue probably for another two months. Tariff negotiations were going on between different sets of countries along with detailed consideration of the various Articles of the Draft Charter The enhancement of the duty on wool by the American Congress had proved a damper for the discussions and had been resented by some countries, particularly Australia and New Zealand. Since the proceedings of the Conference are confidential, all that Mr Mehta could say was that the Indian Delegation led by Sir Raghavan Pillai who was assisted by highly competent economists and experts, had been working like a team and were making their full contribution to the various discussions on the Draft Charter and participating in tariff negotiations while seeking to protect and promote the vital Indian interests.

Mr. Mehta stated that the international conferences and organisations which are a feature of the post-war period should receive close and continuous attention of the authorities in our country both Governmental and non-official and their work should be carefully followed and studied. Many subjects of vital interests to India are under the consideration of various international bodies and unless we make honest selections of our representatives and brief them properly and in time, we shall not be able to play our full part in the wider sphere and contribute effectively to such international deliberations. In this connection, Mr. Mehta also referred to the work of the International Chamber of Commerce which had grown in importance since the war and is recognised by the United Nations as an important non-Governmental organisation for effective consultation Economic conditions and problems of the Western countries, no doubt differed radically in many respects from our own But it was essential for us to know how the representatives of Governments, industry, commerce agriculture and labour in other countries looked at important questions of food and health, trade and transport industrial relations and free enterprise and planning but as it was necessary to apply common principles to the great tasks of post-war development Vigilance is the price today not only of liberty but of national existence

Place Of Boxing In Indian Sport

BY J. C. MAITRA

If a foreigner were to ask me, "What's the place of boxing in the sporting world of India I would answer straightway, "nowhere". Here is a branch of sport almost unknown and untouched by Indians. It seems to me that they have a sort of dislike or even hatred — for the battle of fisticuffs. It certainly does not mean that they do not fight with fists when there is a row. Or they are too non-violent to think of fighting with gloves on. Nothing of the kind.

The fact is this that Indians are totally ignorant of the art and science of the game. So they cannot appreciate the beauty of a pugilistic bout between two artists of the game. They see only the painful blood-letting inhuman side of the picture and abhor it from the marrow of their bones and core of their hearts.

FEDERATION'S EFFORTS

There is association, called the Bombay Presidency Amateur Boxing Federation, in existence in the city since 1925. It has staged many a tournament during its pretty long career. But it has so far failed to create any interest among the people or rouse their enthusiasm to any great extent. Nevertheless the promoters of boxing in this city has not lost heart. They have persisted in their efforts and it is gratifying to hear that they are making slow but steady progress. It has now over forty clubs on its register and the member of individual supporters is rising gradually. Special efforts are being made, I understand, to popularise this sport on this side of India. I hope they will meet with encouraging response in the near future.

OH FOR A LOUIS IN INDIA

We can hardly expect boxing to be as popular in India as it is in America and Europe. The Americans practically go mad when the Heavy Weight Championships of the world are staged in the U.S.A. fans fly from one end of the country to the other just to witness a contest may last a few minutes or even a few seconds! And fabulous sums of money change hands at the termination of the issue. Of course that goes for professional boxing. The present idol of boxing ring is Joe Louis, the 'Brown Bomber' of America. It may sound a fairly to us in India that he has earned millions by the power of his fists! But that is a fact. Is it possible that India would produce such a giant in future? I don't see any reason why she should not. To succeed one must try. Isn't it?

MAHARASHTRIAN DEADLOCK

It is a pity the deadlock between the Maharashtra Football Federation and the W.I.F.A. is still continuing. It seems that neither side is prepared to yield or compromise. I don't know what happened at the meeting between the two parties. But the fact that ban against Maharashtra still stands tells its own tale. I am afraid it will seriously affect the position of Maharashtra and her players in the football world of India. So Maharashtra would do well to climb down from its high perch and arrive at a reasonable compromise with the parent body as early as possible

NEWS IN BRIEF

LONDON, June 24, (Reuter): Lord Listowel, Secretary of State for India, Lord Addison, Secretary of State for Dominions and Mr. Arthur Creech Jones, the Colonial Secretary, will be among many attending the annual dinner of the London Majlis students' (organisation) being held here on June 30

reached that the Fund would not object at this time to such transactions, unless they have the effect of establishing new rates of exchange or undermining existing rates of other members, or unless they result in a significant weakening of the international financial position of a member which might affect its utilisation of the Fund's resources.

The Fund has requested its members to take action as promptly as possible to put into effect the recommendations contained in this statement.

Voice Against Higher Gold Price

LONDON, June 24, (Reuter): Influential voices are raised today against expecting higher price of gold.

The "Manchester Guardian" City Editor writes. The hope of rise in gold price is still a romantic dream. In the past two years, opinions of Governments, banks and economists have steadily hardened against altering the exchange rates. The experiments in Sweden and Canada fared badly. No influential person has seriously suggested devaluing all currencies, including the Dollar which would be the only orderly way of raising the United States Treasury's gold buying price.

"The devaluation of sterling in isolation is not a reasonable expectation anyway for the next couple of years. Moreover, it would not help gold producers for long, as Sterling prices would almost certainly soon draw level with Dollar values. If larger profit margin is essential to maintain or stimulate gold production it must come from further reduction in South African taxes."

An official of the Bank for International Settlements said that the fact that uniform changes in the price of gold may be made under the articles of International Monetary Fund has already aroused discussion whether such a step would be advisable at once, considering the Rise in prices and production costs of gold. Such an expedient as uniform alteration in the price of gold should be used, if ever only in really severe depression which the balance between costs and prices has been fundamentally upset. The United States Congress has expressly forbidden any change in the U. S. Dollar under any of the provisions of International Monetary Fund without new legislation.

Britain Again Draws On Dollar Loan

WASHINGTON, June 24. (Reuter). Britain has withdrawn another 100,000,000 dollars of the United States Loan.

The withdrawal, disclosed by the United States Treasury today was made on June 20.

The last withdrawal on June 2 amounted to 200,000,000 dollars bringing the month's total drawn on the overall loan of 3,750,000,000 dollars to 300,000 dollars.

Total withdrawals to date are 2,050,000,000 dollars leaving a balance of 1,700,000,000 dollars still to be drawn on.

NEW DELHI, June 24, (A. P. I.): The Working Committee of the Jamiat Ulemai-Hind met here today and discussed the partition of India and its consequences and also the question of referendum in the N.-W. F. P. and in Sylhet (Assam)

CALICUT, June 24, (A. P. I.): The Government of Madras it is learnt have serviced an order on Mr. M. S Devadas publisher of the 'Desabhimani', now under detention in Vellore jail, confiscating the security of Rs 4,000 deposited by the paper. The reason for the confiscation of the security is not known.

No information is available as to whether a fresh security has been demanded.

Kalbadevi Shooting Case Accused To Die

FOUND GUILTY ON BOTH CHARGES

Judge Says "Taxi-Driver's Evidence Is Most Important In Whole Case"

BOMBAY, Tuesday.

After a protracted trial, lasting for over three weeks, judgment was delivered today in the Kalbadevi Shooting Case, by Mr. Justice Weston, Special Judge, at the Bombay High Court.

The accused Mirza Abdul Majid and Gulam Mohmed were found guilty of both the charges, and were sentenced to death on the first charge of murdering seven persons, and to transportation for life on the second charge of attempting to murder 18 persons.

The delivery of judgment lasted for a little under four hours at the end of which His Lordship said:—"I hold from the evidence before me that the accused were the two persons involved in the firing at Kalbadevi Road on September 14, 1946. I convict them of both the charges and sentence them to death on the first charge of murder and to transportation for life on the second charge of attempt to murder."

The court was packed to capacity and the premises were closely guarded by the police.

The Judge said that the taxi-driver's evidence was the most important in the whole case. He had the unique opportunity of seeing the accused at close quarters. He saw them first when they engaged his taxi on the Byculla Taxi Stand. He saw them again when one of them got down at Beg Mohmed Building, Patra Chawl, and brought the tin trunk. He also saw them when they asked him to fetch a packet of cigarettes, and again near the Cotton Exchange, when, as alleged by the prosecution the first accused indulged in firing He had no reason to tell a lie, and though some discrepancies and inconsistencies were found when his evidence in the Court was compared to that of the statement made by him before the police, he ultimately believe his story.

Regarding the evidence of other Kalbadevi witnesses His Lordship agreed with the Defence Counsel that they had not the opportunity of seeing the accused at a close range and their evidence was therefore to be taken with caution.

The Judge further found that the taxi-driver's evidence closely corroborated with that of Fakir Mohmed, at whose house the accused, as alleged by the prosecution, had stayed for four or five days before the shooting at Kalbadevi. The description of the accused's clothes and that of the trunk as found in the evidence of both the witnesses was more or less similar.

The second accused had said that he did not know Fakir Mohmed. But in view of the fact that the writing of the address of Fakir's sister as found in a diary belonging to the accused tallied with the sample of accused's own handwriting indicated that he knew Fakir Mohmed, and this coupled with the evidence of witnesses Babu Arjun and Abdul Rashid conclusively proved that the accused were in Bombay at the time of the offence.

"Division An Act Of British Treachery"

U. P. Speaker Deplores Congress Decision To Accept Partition

ALLAHABAD, June 23 (A.P.I.): Babu Purshottam Dass Tandon, Speaker of the U. P. Legislative Assembly, addressing a meeting at Swami Ji Ka Mandir at Yehiapur today deplored the decision of the Congress to accept the division of the country and said "I can say with guarantee that if a poll is taken today more than three fourths of the inhabitants of the country will vote against this division. This verdict will include thousands of Muslims also."

The picture of 'One India' had been disfigured. 'Bande Matram' which has been our national song has no meaning now and I wonder if we have any right to sing it today," Mr. Tandon added.

"The British Government in forcing this division on us have done a treacherous act" he said.

"I have no doubt, however, continued Mr. Tandon, that sooner or later the Muslim League which wanted this partition of India, will realise that they have made a blunder. Similarly the British Government who have committed this treachery today in the hope that they will gain out of it will realise their mistake and lastly the Congress which has been a party to accept this division will also feel that they were wrong to have accepted it."

"But the hatred which the Muslim League has created among us today is a portent of danger" Mr. Tandon declared and added:

"If you want to fulfil your cherished dream of 'One India' you must generate a "Shakti"

Mr. Tandon exhorted the ladies present in the gathering to become brave and take their lesson from the Rani of Jhansi and learn how to defend not only themselves but also their country.

"START CAMPAIGN FOR PEACE"

LONDON, June 24, (Reuter). The London "Times" today urged Indian leaders to "allay the passions they have themselves aroused during India's present task of solving the problem of partition.

The "Times" in an editorial, commenting on the voting that has been taking place on partition, said: "Observers in Lahore as well as in Calcutta were favourably impressed by the general atmosphere of cordiality prevailing among the members of all communities both before and after the decisive vote.

"The immediate need is for this friendly spirit to extend more widely and for the leaders of both sides to enforce upon their followers the new toleration which they are now practising among themselves.

Bengal is at the moment quiet. But in several areas of the Punjab, including Lahore itself, murder and arson still occur daily on a disquieting scale.

"For this the remedy is in the hands of the leaders whose urgent duty it is to allay the passions they have themselves aroused.

"A systematic campaign of peacemaking on either side is now essential.

"The decision of Western Bengal to adhere to Hindustan and of the Western Punjab to adhere to Pakistan has begun to clarify the outlines of the two new Dominions.

"The great majority of the States with their predominantly Hindu population and traditions, will doubtless group themselves with Hindustan, but a substantial area of State territory will find its interests best served by responding to the friendly overtures of Mr. Jinnah and entering into relations with Pakistan.

"A FEATHER IN MUSLIM CAP"

KARACHI, June 24 (APA): Declaring that "the Pakistan which we have gained by our labours is a common heritage of both Hindus and Muslims" Pirzada Abdul Satar Sind Minister for Reforms, Revenue and Public Information, last night endorsed the Premier's categorical assurances to the minorities.

The Premier appealed to the minorities for their goodwill and co-operation in the creation of a "powerful and prosperous Pakistan."

"I am revealing no very great secret when I say that Ghulam Hussain spoke not only for himself but also for the Sind Cabinet as a whole. In this light it would be proper to construe the Premier's as a Cabinet statement, because the Ministry always speaks through its Chief," Pirzada Abdul Satar stated in an interview with the Associated Press of America.

The Revenue and Information Minister said that Pakistan was doubtless "a feather in the Muslim cap."

He asserted that communal harmony has been a true pride of Sind for ages. "In recent times we have been alone to keep peace amongst all Provinces in India. I am convinced that Pakistan will strengthen this natural tendency of my people to maintain communal peace and harmony and if only for that reason, I repeat with all my heart the Premier's impassioned appeal for minority goodwill and co-operation.

He said that there was no reason why Hindus should migrate elsewhere and added that one can assure them that "if there are any rigours in Pakistan those rigours will be commonly shared by both the Hindus and the Muslims as pleasures will be enjoyed by both."

All known processes having failed to waterproof the Maginot Line, AQUELLA was evolved after intensive research at the request of the French Government.

It is a waterproof which is destined to save crores of rupees a year on costly wet-rot in houses, offices, factories and godowns.

AQUELLA is a mineral product and a scientific formula in the form of a non-toxic powder available in four colours. Mixed with water and scrubbed into any porous surface, its infinitesimal particles penetrate and expand as they dry, forming a solid watertight seal which continues to harden with age.

A State secret for a long time, AQUELLA is now available in India at the same price as sold in America.

Gurney's Reply To U. N. Inquiry Committee

CONSIDERED TO BE "SLAP IN THE FACE"

JERUSALEM, June 24 (Reuter). The judicially worded reply by Sir Henry Gurney, Palestine Government Chief Secretary to the United Nations Palestine Committee's intervention" on behalf of relatives of three Jews lying under sentence of death in Acre jail, was considered by the Committee to be a "slap in the face" an authoritative source attached to the Committee stated.

The Committee's first acrimonious session since it began its fact finding mission in Palestine on June 16 broke on the subject of its competence to intervene in the case of the three terrorists.

For more than five hours—which occupied two separate sessions—the Committee wrangled over six drafts of resolutions for transmission to the United Nations Secretary General before the final 'compromise" resolution was agreed on.

The majority of the Committee realised the case of the condemned terrorists was sub judice and dicussion centred on the Committee's competence to intervene considering its terms of reference—especially since these do not cover intervention with the local administration.

Sir Henry Gurney's reply to the Committee's resolution that the Jews should be spared for the sake of their relatives, said the death sentences on the three Jews had not been confirmed.

"Without such confirmation the sentences have no legal force or effect", he said.

"The matter therefore is sub judice and in these circumstances it is necessary to avoid public comment."

COMMERCIAL FLYING RIGHTS

Special Commission To Discuss Problems

MONTREAL, June 23 (Reuter): A special commission of the International Civil Organisation is to meet on October 20 in Rio de Janeiro, Brazil, to develop an agreement to facilitate the exchange of commercial flying rights between I.C.A.O. member states, it was announced to-day

This announcement follows the meeting of the general assembly in May, when delegates of member states were unable to draft a multilateral agreement.

At that time there were two factions. One advocated that commercial rights such as routes, frequencies of service and rates, should be laid down in one document open to adherence by all nations.

The other faction proposed that only fundamental principles should be included in a multilateral pact, and that details should be decided between the individual nations by a system of bilateral agreements.

Winged Horse Causes Fountain to Flow

In ancient Greek mythology a flying horse with a stroke of his hoof caused the divine fountain Hippocrene to flow on Mount Halicon, the home of the gods. Since then the flow of the fountain has become a symbol for poetic genius. The beautiful flying horse was called Pegasus from the ancient Greek word Pege, meaning fountain.

The marketers of famous "Mobiloil" and "Mobilgas" have been using the Flying Horse as a symbol for many years.

Scattered Buying In Cotton Mill Shares

ACTIVE BUYING HARDENS COTTON PRICES

Sharp Drop In Silver On Heavy Professional Unloading

Bombay, June 24

The Bombay Stock Exchange opened slightly higher after yesterday's decline but owing to absence of any important support, the market continued to sag under scattered selling but moderate short covering resulted in a small rally from low level. Thus trading in the first hour failed to develop any market trend and quotations moved within a narrow range. Sellers were cautious on technical considerations while buyers were indifferent. Market observers do not look for any important drop in view of dividend declaration on Tata Steel shares.

Tata Steel Defd shares opened at Rs. 1995 against last closing at Rs. 1980 and declined at Rs. 1972 under scattered selling but recovered at Rs. 1987. Ordinary shares opened at Rs. 393 and declined at Rs. 388 but rallied at Rs. 391. Bombay Dyeing shares opened at Rs. 1070 and after declining at Rs. 1050 advanced at Rs. 1080. Kohinoor shares opened at Rs. 649 and after declining at Rs 640 improved at Rs. 650. Swadeshi shares opened at Rs. 640 and declined at Rs. 634 but rallied at Rs. 644. There was moderate short covering and buying in Mill shares.

Later on the market backed and filled narrowly. Tata Steel Defds were quoted at Rs. 1980 and Ordinary shares at Rs. 392. Bombay Dyeing shares improved at Rs 1085 and Simplex shares were done at Rs. 352. Associated Cements were quoted at Rs. 170/8 and Scindia shares were placed at Rs. 31/8.

PRODUCE MARKET

Bombay, June 24

As anticipated the produce market ruled firm on active buying and increased short covering.

Castorseeds September delivery opened to-day at Rs 144/8 and declined at Rs. 144/4 under scattered selling but thereafter advanced at Rs. 146/3 on extensive buying influenced by absence of rains. At this level there was moderate realising and the market reacted at Rs. 146 but all offerings were well absorbed and the market steadied at Rs. 146/2.

Linseed was also very steady. July/August delivery was quoted at Rs. 28/10 and September was placed at Rs. 28/12. Groundnuts Khandesh quality were quoted at Rs. 34/8 while Coromandal and Bold were placed at Rs 33/4.

Later on there was some realising in Castorseeds and September delivery declined at Rs. 185/10.

GOLD AND SILVER

Bombay, June 24

The Bullion market was quiet today on professional unloading in Silver. As compared with foreign prices our market is too high owing to ban on imports but this does not mean stability in the intrinsic value of precious metals. There is too much unequal distribution of wealth in this country which provides considerable holding capacity while short sales in forward market play an important part in forcing up prices. The Government is planning for better trading methods but unless imports are resumed, no important drop is likely.

Ready Silver opened to-day at Rs. 174/8 and declined at Rs. 173/4 on increased unloading by professional operators and later steadied at Rs. 173/12 on scattered short covering.

Forward Gold opened to-day at Rs. 115/4 and improved at Rs. 115/6 on scattered buying. At this level there appeared some realising and Ashad Gold declined at Rs. 114/14 and steadied at Rs. 115/2. Ready Gold was quoted at a premium of annas four at Rs. 115/6 while Sovereigns were quoted at Rs. 74/6.

Later on there was heavy unloading in Silver by prominent bulls and ready Silver declined at Rs. 171/8. Final quotations were as under :—

	Rs. as. p.
Ready Silver	171 8 0
Ready Gold	115 2 0

TREASURY PRICE OF GOLD NOT TO BE INCREASED.

NEW YORK, June 23, (U. P. A.): The New York magazine, "Business Week" today declared flatly that the "Treasury price of gold is not going to be increased." The magazine said that a wild fire of rumours of an impending hike in the $35 per ounce price for gold has driven gold and securities crazy.

Gold juggling would take legislation and would drive the price of imported goods up and—the key fact—would wreck Bretton Woods. Besides, after all its talk of inflation, the Administration would find itself in a hot political spot if it started playing around with currency depreciation, the "Business Week" said.

CHINA MAY SEEK LARGE CREDIT FROM U. S.

WASHINGTON, June 23, (U. P. A.) Ambassador Mr. Wellington Koo today said that China may seek a new and large credit from the U. S. for Chinese post-war development. He said, after an interview with Assistant Secretary of State Mr. Willard Thorp, that the discussions were in an exploratory stage and that no figure had been mentioned. Mr. Koo added that a short term credit would necessarily be smaller than one financed on a longer term basis but said that the discussions were still in the preliminary stage. He said that China hoped to get "substantial" credit on a long term basis and that he found Thorp "sympathetic."

The major part of his talk with Thorp concerned with Chinese repayment of Lend-lease credits. The Chinese ambassador said that the main purpose of his visit to Mr. Thorp was "to make known to him the situation in China."

BOMBAY COTTON

Bombay, June 24

The cotton market was quiet to-day under scattered selling. It appears that the removal of restrictions have not resulted into any large export business and the market is inclined to await fresh developments.

The market opened at Rs. 446 8 for September against yesterday's close at Rs. 447. There was moderate long liquidation and September declined at Rs. 445/12 but the market steadied at Rs. 446 with routine business.

Thereafter there was increased buying and September option hardened at Rs. 448/8 and July business was done at Rs. 437. The market was very steady.

The market again firmed up at Rs. 351 on active buying in September but towards the close there was some realising and the market closed at 4-30 p.m. as under :—

ANNOUNCEMENT

Board of Directors

THE ARGUS INSURANCE CO., LTD.

with pleasure announce the appointment of

MR. SURYAKANT B. SHAH, B. A.

well-known Insurance magnate

as the Company's Managing Director from 1st June, 1947.

(4156)

NOTICE TO MOTOR OWNERS

OWNERS of Motor Vehicles, residing in the Bombay Region are informed that the first quarter of the financial year 1947-1948 of the Motor Vehicles tax ends on 30-6-1947. All Owners who have paid the tax upto 30-6-47 should therefore pay or remit now to the Motor Vehicles and Taxation Departments, Gymnasium Road, off Cruickshank Road, Bombay, further tax for one or more quarters of the financial year 1947-1943 so that it may be credited, on or before 15-7-47. Payments will be accepted on any working day between 10-30 A.M. and 2-30 P.M. and on Saturdays between 10-30 A.M. and 12-30 P.M.

Cheques should be drawn in favour of the REGIONAL TRANSPORT OFFICER, BOMBAY. When the tax is paid by cheque, the tax tokens and the registration certificates will be issued only after the cheques are encashed by the Bank. Any delay in payment of the tax due to any irregularity or otherwise will render, the owner or the person in possession of a Motor Vehicle liable to a penalty. Third-party cheques and cheques drawn on the Banks which have no clearing account with the Reserve Bank of India will not be accepted.

ALL REMITTANCES OF TAX SHOULD BE ACCOMPANIED WITH THE REGISTRATION CERTIFICATES AND TAX DECLARATION FORMS DULY COMPLETED.

Tax will not be accepted unless a certificate of Insurance as required under rule 5 of the Bombay Motor Vehicles (third-party Insurance Rules 1946) is produced at the time of payment of tax. Under this rule, the owner of a motor vehicle should at the time of making payment of tax produce a valid certificate of Insurance relating to the vehicle and complying with the requirements of chapter VIII of the Motor Vehicles Act 1939. In the case of vehicles exempted under Section 94 of the Motor Vehicles Act 1939, the owners should produce a certificate in the prescribed form 'C' in place of the Certificate of Insurance.

Owners of Motor Vehicles, bearing extra-provincial or Native state registration marks should note that the 15 days grace period does not apply to them and that the tax due should be paid on or before the expiry of the tax token, if any, issued to them. In case of new arrivals, a report of arrival of the vehicle should be submitted to the Regional Transport Officer, Bombay, in the prescribed form within seven days from the date of entering the Province.

Such of the owners, who desire to keep their vehicles off the Road after the expiry of the current quarter should send the intimation of nonuse to the undersigned so as to reach him before the last day of the quarter. Failure to send the intimation in time renders an owner liable to pay tax and penalty. In the case of Motor Vehicles in respect of which nonuse intimations have been given tax should be paid before they are brought into use again.

IMPORT TRADE CONTROL

PUBLIC NOTICE

THE CHIEF CONTROLLER of Imports has received a very large number of applications from importers and other business firms for the revalidation of their January-June 1947 licences. Every attempt is being made to expedite the disposal of these applications. One frequent cause of delays in the disposal of these applications is that the officers engaged on revalidation work have to spend a large proportion of their time in answering enquiries and interviewing applicants and others who call at the office. If the officers are relieved of these interviews they will be able to devote their whole time to the revalidation work. It has therefore been decided that for a period of about three to four weeks, the officers of the C.C.I., other than the Chief Controller of Imports and the Joint Chief Controller of Imports will not receive visitors and will not grant any interviews. The C.C.I. requests that, in the interest of the speedy disposal of their revalidation applications, the business public will cooperate in this matter.

2. Visitors who have any special enquiries to make on matters of policy may interview the Chief Controller of Imports or the Joint Chief Controller between the hours of 10-30 a.m. and 1 p.m. on any working day except Saturdays.
